Designed specifically for contributing employers of the Trust, Employer Edge™ offers a secure way to submit contribution reports, make payments, and enter and keep track of remittance information.

With Employer Edge™, employers can easily enter contributions by employee. The system automatically calculates the total contribution amount due, by fund, using the contribution rates from CBAs and/or Master Labor Agreements.

What's more, employers can pay the contribution due amount via EFT processing (push or pull) or by submitting a check. And the best part? There is no additional cost for this convenient and user-friendly online employer-reporting tool.

To log in, visit: edge.zenith-american.com, select "Employer" as the account type, and enter login credentials.
